

## My dream job

I was born in Thailand. I moved to Finland in 2015, when I was 10 years old. My dream when I was a kid is I am military. I had studied in Finland in basic school. Now I study in prapare vocational class. In the fall, I want to be the car mechanic and I visited many times car mechanic places. Now I want to be a plumber and I have applied to vocational school. i desire to be a plumber, because I am interesting about technique. Also I think it's maybe an easy study and I get an easier job!

I hope, that 3 years later I will be plumber in big company. I can do so many different work as plumber. Maybe I have got a beautiful house, where I do a lot myself!
